PROFESSIONAL SUMMARY

Fullstack Software Engineer with a BSc in Computer Science, building end-to-end web apps, React frontends backed by Node.js/Express REST APIs and PostgreSQL/MySQL. Shipped production apps with secure JWT authentication, full CRUD, and independent cloud deployment. Backed by backend certifications from Meta and IBM.

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C/C++, SQL

Frontend: React.js, Redux, React Router, HTML5, CSS3, Tailwind CSS, Bootstrap, Chakra UI, Responsive Design

Backend & Data: Node.js, Express.js, Django, REST API design, CRUD, PostgreSQL, MySQL, SQL migrations

Security & Tools: JWT authentication, bcrypt, CORS, rate limiting, Git, Docker, Vite, Vercel, Render

EXPERIENCE

Conveos | Front-End Developer Intern (React.js) | *June 2024 – September 2024*

- Built and shipped a React.js chatbot widget (Cheshire Cat AI) embedded across multiple company platform pages, integrating REST APIs to power an embedded conversational interface.
- Developed responsive web pages and managed application state with Redux and Chakra UI, building reusable component-based UIs across existing company platforms.

SELECTED PROJECTS

Balancer | Full-Stack Personal Budget Tracker | *React, Vite, Node.js/Express, PostgreSQL, JWT* | 2026

- Built a full-stack budget tracker (React + Vite, Express REST API, PostgreSQL) with full CRUD and an analytics dashboard, deployed independently on Vercel and Render.
- Implemented secure authentication and API hardening: JWT sessions, bcrypt-hashed passwords, per-user row scoping, origin-restricted CORS, per-IP rate limiting, and SQL migrations with CHECK constraints for data integrity.

[Live Demo](#) | [GitHub](#)

Cultural Tourism Platform (BSc Thesis) | *React.js, Tailwind CSS, React Router* | *December 2024*

- Developed a responsive React web application showcasing cultural tourism activities in Crete, with interactive maps, multimedia content, and a dynamic slideshow to improve navigation and engagement.

EDUCATION & CERTIFICATIONS

University of Crete | BSc in Computer Science | *Graduated 2026*

Relevant coursework: Web Development, Databases (SQL), Object-Oriented Programming (Java), Human-Computer Interaction (UI/UX).

Certifications: Meta Back-End Professional Certificate (8 courses: Python, Django, APIs, SQL, Git), IBM Back-End Development with Node.js & Express.
